2 News

3 Mindfulness in practice

Mindfulness-based approaches can introduce people to fundamentally new ways of responding to life experiences and cultivating a deeper sense of health and wellbeing in their lives, says **Wendy Harvey**

8 Bibliotherapy

Book prescription schemes rank alongside the IAPT programme in terms of increasing access to psychological therapies, writes **Neil Frude**

10 Look SHARP

Mike Lucock, Mike Lawson and Stuart Lloyd outline an innovative project that enables access to CBT self-help in primary care

14 Doncaster IAPT

Self-help approaches are central to the delivery of the IAPT service in Doncaster, explain **Kathleen Green and Melanie Crewe**

18 Supervising the delivery of self-help materials

Cognitive behaviour therapy supervision is vital for practitioners who are using CBT techniques in their work, says **Alec Grant**

22 Self-injury

Self-injury and self-harm can be distressing for caring professionals, writes **Wedge**. When you see clients who habitually hurt themselves, what can you do to help?

26 Preventing relapse in psychosis

Attachment-based models of emotional regulation may be more apt than cognitive behavioural approaches, writes **Andrew Gumley**

29 Topics in training

Thinking of applying for IAPT training? **Sara Perren** has some advice

31 Letters

32 Equality and diversity

Meet **Ian Thompson**, BACP's new equality and diversity advisor

33 On the receiving end

Judy Mead found therapy hugely empowering, especially in contrast with the psychiatric services

34 Primary cares

John Hague gets on his bike in search of wellbeing
